Li-ion battery

DUPLEX 280i DC

Floor and carpet cleaner

Duplex 280i DC is the new generation, ultra compact (28 cm width) multi-surface cleaning machine powered by a **li-ion battery**.

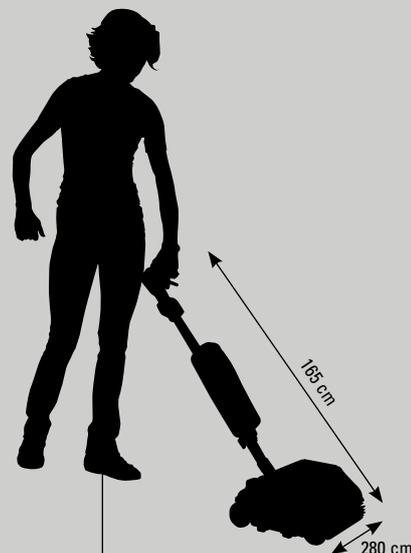

Affordable, practical, light and fast the Duplex 280i DC is perfect for smaller areas that require professional and quick cleaning such as bathrooms, aircraft, storerooms, hotel rooms, offices etc.

The Duplex 280i DC encapsulates the Duplex know-how which stems from years of research enabling us to offer the most efficient cleaning solution providing time saving and ease of use, considerably reduced labour costs, reduction in water and detergent use and powerful cleaning results all thanks to the Duplex cleaning concept.

The li-ion battery allows the Duplex 280i DC to be extremely light and ensures cleaning times that exceed one hour with cleaning results distinctly superior to any other machine or traditional cleaning methods.

TECHNICAL FEATURES

Machine width	mm.	280
Brush width	mm.	224
Cleaning solution tank capacity	Lt.	2,0
Brushes pressure on flooring	gr/cm ²	200
Theoretical working surface	m ² /h	200/250
Unloaded weight	kg.	12
Battery run time	approx. hours	1,15
Li-ion battery		
Universal battery charger	Volt.	100/240
Battery charging time	h	2,5
